Taking Healthcare to a Higher Level

**Home Based
Primary Care**

www.pinnaclehealthcareaz.com

Serving the elder community one patient at a time.

Pinnacle Healthcare was established by Dr. Harbir Singh in 2010 with the vision and dedication to provide comprehensive and compassionate medical services to residents in

- Subacute facilities (SNFs)
- Assisted-living facilities
- Adult care homes
- Independent living
- Private resident homes.

Pinnacle Healthcare, with its team of physicians and nurse practitioners, provides professional and attentive hands-on medical care with the goal of minimizing re-admissions to hospitals and to ensure that our residents stay healthy within the comfort of their homes.

Home-Based Primary Care

Pinnacle Healthcare offers home-based primary care, (HBPC) a unique service that allows you to receive medical care in the comfort and convenience of your home. This model of care, available to qualifying patients, helps remove barriers to transportation and coordinates comprehensive in-home medical care at the same cost as a primary care office visit.

Support services include:

- A complete health assessment
- A patient specific plan of care that evolves as needs change
- Education about medications, procedures and health emergency preparedness
- Home occupational, physical and speech therapy
- Home x-ray, Home lab services

Eligibility:

Insurance eligibility verification done prior to enrollment

Other eligibility criteria include:

- Inadequate access to transportation
- Mobility complications and risk of falls
- Difficulty understanding physician instructions
- Frequent visits to hospitals, emergency departments and nursing facilities
- Significant need for coordinated care
- Complex, chronic disease
- Difficulty remembering or keeping appointments at multiple medical offices and labs

Benefits of home based primary care:

- Decreased need for hospitalization
- No driving
- No waiting rooms
- No exposure to sick patients
- No stumbling from one building to the next

Service Areas:

- Tucson metro
- Marana
- Catalina
- SaddleBrooke
- Vail
- Sahuarita

We partner with

- Nursing Facilities
- Adult Care Homes
- Placement Services

to ensure that our residents are able to transition to home or facilities that best suits them and also meets their family needs.

We accept most insurances and health plans.

Let Pinnacle Healthcare help you to achieve your highest health care goals, right where you live!
